## WHOLESALE PRICE - LIST

## GRIFFING NURSERIES

BEAUMONT, TEXAS

Day and Night — — Dial 2-6222

DEAR CUSTOMER:

It is with great pleasure and anticipation that we usher in the 1948 nursery season with the introduction of this, our new 1948 wholesale catalog for your convenience.

Like many other nurserymen throughout the South we are looking forward to a large volume of business this season, not only from the sale of nursery stock alone, but from Service Sales; such as landscaping and civic plantings. We base our speculations upon the fact that everywhere one looks there is a beehive of activity in the building of new homes, erection of new industries and large building programs of various types.

All this progress, along with the knowledge that the public has more money to spend at this time than they have had for many years, makes us certain that this year will see great activity in the nursery business.

We have been fortunate in securing some new tractors and other mobile equipment for the cultivation of our nursery fields; and with our adequate irrigation system have managed to get our nurseries back to almost pre-war status. We, frankly, believe that the nursery stock we have to offer the trade this year is far superior to any that we have had to offer since the limitations placed on us during the war years.

We sincerely trust that each and everyone of you will take the time to visit us and let us drive you through our nurseries so that you can personally see for yourself the fine specimens of evergreens and flowering shrubs we have to offer for your Fall Want Lists.

This year we have included, for your convenience, estimated weights on our balled and burlapped nursery stock, to assist you in preparing carload shipment orders which means such a large saving to you in shipping cost. However, we wish to impress upon you that these weights are only ESTIMATED WEIGHTS, and are not, by any means to be construed as TRUE WEIGHTS.

With best wishes for a very successful season, we are,

Sincerely yours,

**GRIFFING NURSERIES**

WALTER C. GRIFFING and  
RALPH C. GRIFFING

## **TERMS: DISCOUNTS: AND GUARANTEES**

THIS PRICE LIST SUPERSEDES AND CANCELS ALL OUTSTANDING PRICES OF PREVIOUS CATALOGS AND SALES LISTS.

PRICES AND TERMS OF SALES AS OUTLINED IN THIS CATALOG ARE SUBJECT TO CHANGE WITHOUT NOTICE.

### **DISCOUNTS**

CASH IN ADVANCE, UNLESS SATISFACTORY ARRANGEMENTS ARE MADE BEFORE ACCEPTANCE OF YOUR ORDER.

5% DISCOUNT FOR CASH: APPLICABLE ONLY WHEN CASH IS RECEIVED WITH THE ORDER.

2% DISCOUNT ON OPEN ACCOUNTS: APPLICABLE ONLY WHEN ACCOUNT IS PAID IN FULL WITHIN 10 DAYS FROM DATE OF PURCHASE.

6% INTEREST WILL BE CHARGED ON ACCOUNTS THAT ARE PAST DUE. INTEREST TO BE COMPUTED AFTER ACCOUNTS ARE 30 DAYS PAST DUE. (30 days from date of order) AND WILL BECOME SUBJECT TO SIGHT DRAFT.

**RESERVED ORDERS:** Reserved orders are accepted upon payment of 25% of the amount of the order at the time the order is placed. All reserve orders are final, and not subject to cancellation except upon the condition that they shall be void, should injury befall the stock, or error in count before shipment.

### **OUR GUARANTEE**

We give no warranty, expressed or implied, as to the life or productiveness or our stock, but exercise every effort to keep the varieties true to name. We are not responsible for stock purchased and left in our nursery, nor will we be liable for any amount greater than the deposit (or purchase price) in case of frost, flood, etc., or other damage beyond our control.

### **CLAIMS**

Complaints properly presented will be given special attention. All claims must be made upon receipt of shipment or not later than five days after shipment is received. BE SURE TO HAVE EXCEPTIONS FOR DAMAGES NOTED ON TRANSPORTATION RECEIPT AT THE TIME OF DELIVERY.

### **SHIPPING INSTRUCTIONS**

ALL SHIPMENTS ARE F. O. B. OUR NURSERIES, BEAUMONT, TEXAS. ALL SHIPMENTS TRAVEL AT THE RISK AND EXPENSE OF THE PURCHASER. CARLOAD SHIPMENTS BILLED FROM GILBURG, TEXAS, SIDING ADJOINING OUR NURSERIES. EXPRESS AND LESS CARLOADS SHIPPED FROM BEAUMONT, TEXAS.

## WIRING B & B TREES FOR SAFE HANDLING

For safety in handling large Specimens of Live Oaks, Camellias, Azaleas, Magnolias, etc., which require a sizeable ball of earth for transplanting, we recommend the wiring of the Balls after they are dug B & B, as a precaution in transplanting them.

## LARGE TREES NEED PROPER HANDLING

In handling large Evergreen Specimens, where they require, and should have, a large size Ball (B&B), averaging 36 inches width, or 18 inches deep we recommend wrapping the balls with Hog Wire, twisting it tightly around the Balls, after the Ball is properly burlapped. By doing this, they can be shipped and planted with perfect safety, as there would be no chance of the burlap loosening, or the Ball cracking in being shipped or handled.

Trees dug with large size Balls from Griffing's heavy soil are uniform and solid, containing the root system of the Trees. After the Burlap is fastened on securely, Hog wire is used to wrap around the ball to make it more secure for handling. Chains are thrown around the Ball to lift it out of the hole, and onto Trucks or cars for delivery. (See back cover.)

## WIRING B & B TREES AND SHRUBS

We have indicated in our list, the sizes of Trees and Shrubs we consider require wiring for safe handling. Where listed, our price INCLUDES wiring. We are listing below our prices for wiring for individual cases where the purchaser may request this on plants or sizes not shown.

Balls 24 inches in diameter.....	\$2.00 each
Balls 30 inches in diameter.....	2.50 each
Balls 36 inches in diameter.....	3.00 each
Balls 40 inches in diameter.....	4.00 each
Balls 48 inches in diameter.....	5.00 each
Balls 54 inches in diameter.....	6.00 each
Balls 60 inches in diameter.....	7.00 each

Balls larger in size than these will be priced according to the size of the Ball, quantity, etc., required.

This also saves crating the Trees and Shrubs for shipment, and if planted locally, they can be loaded and unloaded and transplanted with more safety. It also saves the expense of bracing the Trees, and should they blow over where the trees are wired, they can be straightened up, even though planted a year or more, with perfect safety that the soil will not break loose from the roots.

## A FEATURE ABOUT GRIFFING'S B & B NURSERY STOCK YOU MUST NOT OVERLOOK

Our GREAT SUCCESS in transplanting Trees and Shrubs safely at all Seasons may be largely ATTRIBUTED to our Wonderful Balling Soil. There is no OTHER JUST LIKE IT. We have the soil that is "just right" for Balling and Burlapping. The Ball is CUT out in one solid piece, often compared TO SLICING A "piece of cheese."
